Effortlessly chic.
Always efficient.

Dell 15 | **DC15250 / DC15255**

Finish your to-do list in no time with the Dell 15, built for everyday computing with Intel® Core™ or AMD Ryzen™ processors. Choose from Platinum Silver and Carbon Black options.

Modern, thoughtful design
A 15-inch laptop with a built-in webcam and full-size keyboard.

Color and chassis options
Choose a durable polycarbonate plastic chassis in Carbon Black or Platinum Silver. On the Intel model, upgrade to an aluminum cover chassis.

Efficient performance
Answer emails, edit presentations and video chat with ease. Featuring Intel® Core™ processors or AMD Ryzen™ processors.

Adaptive thermals
Keep your PC running efficiently, whether you're at your desk or working from your lap. Adaptive thermals intelligently adjust your laptop's power and thermals to optimize performance.

Boost productivity
- Enjoy quality video calls with up to an FHD webcam[1], built-in single or dual mics[2], and AI noise reduction.
- The full-size keyboard with 10-key numeric pad lets you write and calculate quickly.
- Stay powered all day with ExpressCharge, giving you up to an 80% charge in 1 hour.[3]
- Keep your eyes comfortable over extended screen time with Dell ComfortView, which helps reduce harmful blue light emissions.

Committed to sustainability
Dell 15 is certified ENERGY STAR® and registered EPEAT Silver.[4]

Sustainable materials
Dell 15 is designed with 30% post-consumer recycled (PCR) plastic in the palmrest and 50% PCR plastic in the bottom cover.[5]

Packaging innovation
Ships in packaging made from 100% recycled or renewable materials.[6]

Secure and reliable
Built to last, this laptop undergoes military-grade testing to ensure reliability as you put it through the rigors of everyday use. For added security, the built-in Trusted Platform Module (hardware TPM) helps protect your data.

Optional fingerprint reader
Offers quick, secure access, while Windows Hello's express sign-in seamlessly detects when you're there or when you step away, signing you in or out. Fingerprint reader availability varies by region.

1 Aluminum/metal chassis only. Only available on Intel model (DC15250).
2 Plastic option ships with a single microphone. Intel model (DC15250) with aluminum/metal option ships with dual microphones.
3 ExpressCharge must be enabled within Dell Power Manager software. System must be powered off or in hibernation mode for ExpressCharge feature to function. After charging has reached the stated capacity, charging speed will return to normal speed. Recommended for use with the provided Dell power adapter; not recommended with a smaller capacity power adapter. Charging times may vary.
4 Based on internal analysis, April 2025. EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country.
5 Percentage is of total plastic weight in product. Based on internal analysis, April 2025. 30% post-consumer recycled plastic in the palmrest and 50% post-consumer recycled plastic in the bottom cover.
6 Contains up to 95% recycled content and 5.5% renewable content in the form of sustainably forested materials. Excludes optional items added to order and included in box.

NOTES:
Hard Drives: GB means 1 billion bytes and TB equals 1 trillion bytes; actual capacity varies with preloaded material and operating environment and will be less.
Graphics & System Memory: GB means 1 billion bytes and TB equals 1 trillion bytes; significant system memory may be used to support graphics, depending on system memory size and other factors.
Battery life figures are based on testing using the Mobile Mark 2014 battery life benchmark test. For more information about this benchmark test, visit www.bapco.com. Test results should be used only to compare one product with another and are not a guarantee you will experience the same battery life. Battery life may be significantly less than the test results and varies depending on your product's configuration, software, usage, operating conditions, power management settings and other factors. Maximum battery life will decrease with time and use.
Watt Hour (WHr) - The stated Watt Hour (WHr) is not an indication of battery life.
Notebook Weight: Weights vary depending on configuration and manufacturing variability.
***PC+ABS** is a blend of two thermoplastics - polycarbonate (PC) and acrylonitrile butadiene styrene (ABS).
